## Director Candidate Questionnaire

### 1. Why is being part of the AAZPC Board important to you?

I'm interested in serving as a Board officer to facilitate that members continue to have the opportunities AAZPC has afforded me. AAZPC gave me opportunities to play, drill, compete and most importantly, enjoy playing pickleball here in Anthem.

### 2. Will you be engaged – giving your time, energy and resources to support the work and mission of the AAZPC?

Yes, as evidenced in my election to volunteer in my annual AAZPC registrations and current participation on Open Play Committee and my volunteer history including coaching intramural 3yr old soccer, creating and organizing Anthem Elementary's Copycats and spending countless hours processing teacher's requests, and serving 6 years as Treasurer on Phoenix Gymnastics Academy Booster Club's board.

### 3. What do you believe are the two biggest opportunities for the AAZPC?

Providing forums where newer players with undeveloped skills can enjoy organized play with less fear of failing.

Provide routine opportunities for "betterment" with organized drills.

### 4. What ideas do you have that will help increase and strengthen our membership?

To increase and strengthen membership, events such as "invite a neighbor" could be organized sampling the value of joining AAZPC and providing a forum where newbies realize the club is available to All Player levels. Sadly, this is something that took me 7 months to learn despite my tri-weekly playing schedule.

Other ideas include:

Member family night (mom, dad, AND kids)

Offering members referral credit such as \$1(credit only) per referred registrant which could be used to purchase balls or other merch.
