

Tracy Gutterud Years Playing Pickleball: 3

Why is being part of the AAZPC Board important to you?

The pickleball courts are an important amenity within Anthem and where I spend some of my recreational time. I would like to continue to be on the board to support the great programs currently available continue but to also seek and be a part of new programs that support the club mission.

Will you be engaged – giving your time, energy and resources to support the work and mission of the AAZPC?

Yes, that is my intent with submitting the application.

What do you believe are the two biggest opportunities for the AAZPC?

To have input on the new pickleball court enhancement and see it to completion and then work proactively with the community center to find the most fair way to utilize all courts within the community.

What ideas do you have that will help increase and strengthen our membership?

Be deliberate in offering activities and open play that are available for all levels so membership feels inclusive to anyone signing up. Have more valuable content on the member site that may include videos from pros, specials on paddles, etc
